

Model: PCFY-P15NGMU-E

NOTES.

1. Use M10 or W3/8 screw for anchor bolt.
2. Please be sure when installing the condensate pump, refrigerant pipe will be only upper drainpipe arrangement.

- 1 Drainage pipe connection (1-1/32 (26mm) I.D.)
- 2 Drainage pipe connection (for the left arrangement)
- 3 Knockout hole for left drain-piping arrangement
- 4 Refrigerant-pipe connection (gas pipe side/flared connection)
- 5 Refrigerant-pipe connection (liquid pipe side/flared connection)
- 6 Knockout hole for upper drainpipe arrangement
- 7 Knockout hole for left drainpipe arrangement
- 8 Knockout hole for wiring arrangement
- 9 Knockout hole for outside air intake

Mitsubishi Electric Air Conditioning & Refrigeration Systems Works acquired ISO 9001 certification under Series 9000 of the International Standard Organization (ISO) based on a review of quality warranties for the production of refrigeration and air conditioning equipment.

ISO Authorization System
The ISO 9000 series is a plant authorization system relating to quality warranties as stipulated by the ISO. ISO 9001 certifies quality warranties based on the "design, development, production, installation and auxiliary services" for products built at an authorized plant.
